ANNUAL REPORTS

GILFORD NEW HAMPSHIRE

YEAR ENDING DECEMBER 31, 1981

Digitized by the Internet Archive
in 2010 with funding from
Boston Library Consortium Member Libraries

TOWN WARRANT
State of New Hampshire

To the inhabitants of the Town of Gilford in the County of Belknap in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Gilford Middle High School in said Gilford, on Tuesday, the 9th of March, 1982 at 8 of the clock in the forenoon (polls to be open from 8 a.m. to 7 p.m.) to act upon the following subjects:

ARTICLE 1. To choose the necessary Town Officers for the following year.

ARTICLE 2. To see what action the Town will take on the following questions:

Amendment 1. Are you in favor of adoption of Amendment 1 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Amend Article V in order to allow for subdivisions created specifically for the placement of mobile homes on individually owned lots as required by State Statute as follows:

Section 530 COMMERCIAL DISTRICT

Section 531 USES PERMITTED — add the following use: “MOBILE HOME SUBDIVISIONS”

****Insert after Section 533, Mobile Home Parks, the following:**

“SECTION 534 MOBILE HOME SUBDIVISIONS

1. It is the purpose of this section to allow for subdivisions created specifically for the placement of mobile homes on individually owned lots.

2. A mobile home subdivision shall have a minimum of ten acres.
3. Each lot in a mobile home subdivision shall comply with the then current lot area and yard requirements of the Residential District.
4. Plans for all mobile home subdivisions shall comply with the then current Gilford subdivision regulations.
5. Plans for all mobile home subdivisions must comply with the then current applicable State and Federal regulations.”

****Renumber the remaining subsections of Section 530.**

Amend Article VII GENERAL PROVISIONS to provide for mobile homes on individually owned lots as follows:

Section 708 MOBILE HOMES

****Delete the existing subsection and insert the following:**

“Mobile homes shall not be used for purposes of a residence in any district except in a mobile home park or a mobile home subdivision in the Commercial District as provided in Section 533 and Section 534”

Amend Article VIII DEFINITIONS to include mobile home subdivisions as follows:

Article VIII subsection 15 mobile home park

Designate the existing definition of mobile home park as “15.a.”

****Insert after 15.a the following:**

“15.b. Mobile Home Subdivision:

Mobile home subdivision shall mean a plot of land at least ten acres in size which is specifically created for the placement of mobile homes on individually owned lots.”

Amendment 2. Are you in favor of adoption of Amendment 2 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Amend Article IV in order to include provisions for condominium conversion as follows:

****Insert a new Section 428 after the existing Section 427 as follows:**

“Section 428 CONDOMINIUM CONVERSION

The Board of Adjustment may grant a Special Exception to permit a conversion of existing cabin colonies and existing multiple housing structures to condominium use under the provisions of RSA 356-B:5 (the so-called Condominium Act) where it is demonstrated that the proposed use would meet the following requirements in addition to those specified in Sections 421, 422 and 423 above:

1. There will be no increase in the number of units.
2. There will be no increase in the number of bedrooms per unit.
3. Approval by the Water Supply and Pollution Control Commission at the then current standards for the septic system and the water supply.
4. Submittal of the condominium documents to be filed with the Planning Board prior to the sale of any unit.
5. Final plots of the proposed condominium conversion must meet the requirements of the Gilford Subdivision Regulations.

Amend Article VIII DEFINITIONS to include the following:

****Insert a new number 5 as follows:**

- “5. Condominium** shall mean real property, or any interest therein, which is developed under the so-called “Condominium Act” (RSA 356-B).”

****Insert a new number 6 as follows:**

“6. Conversion Condominium means a condominium containing structures which, before the recording of the declaration, were wholly or partially occupied by someone other than the declarant or those who have contracted for the purchase of condominium units and those who occupy with the consent of such purchasers.”

****Renumber the remainder of Article VIII.**

Amendment 3. Are you in favor of adoption of Amendment 3 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows:

Eliminate Section 553 and add a new Section 713.

SECTION 713 HEIGHT

No building shall be allowed over thirty-five (35') feet in height.

Amendment 4. Are you in favor of adoption of Amendment 4 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows:

SECTION 534 APARTMENTS, MULTIPLE OR ATTACHED DWELLINGS, CONDOMINIUMS

1. No building or buildings for three (3) or more families shall be constructed on a lot having less than two hundred (200') feet frontage and containing less than thirty thousand (30,000) square feet for the first unit, and seven thousand (7,000) square feet for each additional unit.

DELETE 2. and renumber the remaining subsections from 2 to 7.

Amendment 5. Are you in favor of adoption of Amendment 5 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows:

SECTION 704 SIGNS

8. (Add a new subsection e.)

- e. Site plan approval shall be required prior to the issuance of a sign permit for all non-residential signs.

ARTICLE 3. Shall we adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax? These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years, \$10,000; for a person 75 years of age up to 80 years, \$15,000 for a person 80 years of age or older, \$20,000. To qualify, the person must have been a New Hampshire resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000 or if married, a combined net income of less than \$12,000, and own net assets of \$30,000 or less, excluding the value of the person's residence.

ARTICLES 1, 2 AND 3 ARE TO APPEAR ON THE OFFICIAL TOWN BALLOT.

ARTICLE 4. To see if the Town will vote to raise and appropriate the sum of \$738,968 for the following purposes:

233	New Highway Equipment	70,050
255A	Fire Dept. Car Replacement	8,500

ARTICLE 12. To see if the Town will vote to adopt a change in fiscal year, from the current calendar year (Jan. 1 - Dec. 31) to the proposed fiscal year commencing July 1 and ending June 30.

ARTICLE 13. To see if the Town will vote to discontinue a section of Breton Road easterly of land of Esther Weeks, westerly of land of the State of New Hampshire, and northerly of Morrill Street as shown on a plan entitled "PHASE II," subdivision plan, land of Esther Weeks, Morrill Street, Gilford, N.H., dated 19 August 1981, Scale 1" - 50', Bryan L. Bailey, Registered Land Surveyor.

ARTICLE 14. To see if the town will vote to authorize the Selectmen to apply for, receive and expend Federal or State Grants, which may become available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for the purposes for which the Town may legally appropriate money; provided, (1) that such grants and other monies do not require the expenditure of other Town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided by RSA 31:95-b.

ARTICLE 15. To see if the Town will vote to authorize the Selectmen to receive and expend State of New Hampshire highway subsidies, additional highway subsidies, or other funds designated for highway construction/maintenance, as they may become available.

ARTICLE 16. To see if the Town will vote to authorize the Gilford Recreation Commission to construct, at no cost to the Town, a roof over the skating rink on the Town-owned beach property, subject to site plan approval by the Planning Board and all applicable building permits.

ARTICLE 17. To see if the Town will vote to allow the Board of Selectmen to negotiate and enter into non-exclusive franchise agreements with cable television companies, as they see fit.

ARTICLE 18. To see if the Town will vote to authorize the Selectmen to do the following:

- 1) To apply for, contract for, and accept State and/or Federal Aid relative to disaster.
- 2) To borrow money on the credit of the Town in anticipation of taxes.
- 3) To sell and transfer title to all real estate taken by the Town in default of redemption from any tax sale to such persons and upon such conditions as they shall see fit.

ARTICLE 19. To see if the Town will vote to authorize the Moderator to appoint a five-member Committee to identify and recommend potential capital improvements to the Town's Administrative Buildings (Town Hall and Wilson House); with the Committee to include a member of the Board of Selectmen, a member of the Budget Committee, and three other members as recommended by the Moderator.

Given under our hands and seal, this 19th day of February, in the year of our Lord, nineteen hundred and eighty-two.

REPORT OF THE SELECTMEN

1981 has been a busy and successful year for the Town of Gilford. We have seen the completion of the first phase of the Winnepesaukee River Basin Sewer Project, and now many residents along the lake from Glendale to Dockham Shore, to the Laconia line, have hooked into the sewer. Further sewer work will be started next year to complete the line to Lake Shore Park.

The Powell property acquisition was finally completed, giving the Town substantial acres of wild land in the Belknap Range for conversation purposes. The Kimball Castle and some 250 acres were aquired and a citizens group is trying to restore the castle without the use of town funds. The residents of Governor's Island now have a new bridge, completed in October. Work on Gunstock Acres roads has been completed and the roads will be accepted by the town as soon as all legal easements are obtained. Stone Road was rebuilt. A skating rink at the beach was established with the help of private citizens, the hockey club and the Recreation Commission. We have seen slow expansion of cable T.V. to areas like Varney Point and we will soon see expansion to Gunstock Acres.

The town continues to see building growth with the development of condominiums such as Broadview and Winn-Stock, commercial building in the area around the airport and a slight upturn in new residential building. With the projected increase in development, our tax base should grow for 1982. With growth, demands for all town services increase, whether it be activity in the Town Hall, emergency services, or in areas of planning.

With the regret of this board, 1981 did see the loss of our Town Administrator, Steve McCabe, after seven years of service. Also, town officials have found new concern with cutbacks in state funding for problems concerning court ordered juvenile placements, and

reduction in Medicaid payments, which could drastically effect our expenses without any local control.

1981 also saw an increase in legal activity, primarily in appeals of planning or zoning decisions, and also major disputes such as the Gilford Sewer District versus the City of Laconia.

By in large, the state of the Town is strong and vibrant, and with the strong staff of professional employees and volunteers, we believe that in 1982, townspeople will be provided complete services at controlled costs.

Respectfully submitted,

Lawrence W. Guild, II,
Chairman
Thomas T. Weekes
Sandra T. McGonagle

1981 GILFORD PLANNING BOARD REPORT

The Year of 1981 was a very busy year for your Planning Board. The Board processed 26 subdivisions and reviewed 21 site plans, generating a total amount of \$5,119.20 in fees returned to the General Fund of the Town. (Postage Fees - \$1,444.20; Recording Fees - \$325; Subdivision Fees - \$3,140; and Site Plan Review Fees - \$210.)

Fees for review by the Planning Board are as follows: \$10.00 for Site Plan Review; \$20 per lot for Subdivisions; and \$1.55 per abutter notification by certified mail.

Peter Sabbow is the new permanent member to the Board, replacing Wilbur Goddard, who resigned in September. The Board wishes to extend their sincere thanks to Mr. Goddard for his fine and dedicated service over the past four years. New Alternate Members to the Board are Margaret Birch and Kenneth Wilson.

Also new is our Administrative Assistant Mrs. Jeanine M. Fitzgerald. She replaced Mrs. Deborah A. Wareing, who resigned this past October. The Board wishes to extend their sincere thanks and appreciation to Mrs. Wareing for her excellent and dedicated service to the Board over the past five years.

The Planning Board this winter has made available funds from their budget to the Board of Selectmen who have requested the Department of Public Works contract for a drainage study to be conducted in the Glendale area. The Board would like to take this opportunity to extend their appreciation to Richard Lacasse, Director of Public Works, for his technical expertise in reviewing site plans presented to the Board.

The Gilford Master Plan is nearing completion, and the Board has engaged the services of Peter Hance,

Planner, who is assisting the Board in this regard. The Master Plan should be available at Town Meeting time.

Our office at the Department of Public Works Facility is open Monday through Thursday, 8 to 12 Noon. Our phone number is 524-6294. Items to be placed on the Board's Monday night agenda must be in the Board's office by the previous Wednesday Noon in order to provide sufficient time for technical reviews to be made by our staff prior to the meeting. Our Board meets each Monday evening at 7:30 p.m. at the Public Works Facility meeting room off Route 11-A. During the summer season, we meet every other Monday. Interested parties are welcome to attend any of our meetings.

We thank you for the opportunity of serving you during the year of 1981.

REPORT OF THE OVERSEER OF PUBLIC WELFARE

During the past 16 years in this position, I have enjoyed much satisfaction in service to our townspeople. I am thankful for this privilege to represent so many good folks through this office designated for helping neighbors who need a helping hand. In this, all of our townspeople, indeed, become friends to those in their times of need.

During 1981, forty-six families, representing one hundred nine persons, were directly assisted by financial relief, counseling, or information and referral services. Another twenty-five families, with thirty-five of their children, were provided service through our matching support for the excellent programs of the Lakes Region Day Care Center housed at the First United Methodist Church (524-1235).

District Court placed children in need of service (CHINS) are expensive propositions when out-of-town services are necessary, as noted by the significant increase in our direct relief expenses. Hopefully, a more cooperative effort by the School District, Police Department, District Court, Probation Department and this office will alleviate some future needs and expenses.

Many of these families, along with others from town, also received State Federal Welfare Assistance in the form of checks, food stamps, and social services (524-4485). Federal Supplemental Security Income checks have helped some handicapped and older family members (1-224-1938). Belknap County Welfare Assistance has been available in some foster situations and for those families supported by the town over the twelve months. The Julia Ladd Fund "for the worthy poor" has been administered by the Trustees of the Trust Funds. An excellent resource list of helping Agencies is found on pages 4 & 5 of our 1981 telephone directory or by calling 524-8811.

Some of us continue running out of Energy. For the low to moderate income families, there is a continued Energy Assistance Program at the Belknap County Community Action Center where money is still available (524-5512). The Center also maintains a Food Pantry for emergencies. Hot Meals for Senior Citizens are available at the Laconia Senior Center (524-7689).

Our friends at Public Service have continued their Cold Weather Residential Termination Policy in which we cooperate. "During the winter months, wherever a legitimate hardship exists, electric service to residential customers will not be shut off." Should this be a problem, please have the office manager to District Manager contact me immediately to help work through a reasonable arrangement (524-3030).

Happily, there continue to be a number of newly licensed foster families still supplementing our "older" families in providing emergency and crisis care, along with longer term foster living experiences for some wonderful youngsters. A number of other families are also State approved to share their homes with handicapped and older adults needing "foster family" living. (524-4485)

The 1976 Welfare Guide for New Hampshire Local Officials, by the New Hampshire Municipal Association, continues as our basic manual. This, used with understanding and discretion, seems to best express the friendly concern of Gilford's good families "helping neighbors to help themselves."

Again, for any questions, or for a neighbor who might need assistance, please get in touch through the Town Office (524-7438) or at home (293-4990). Let us all continue to share our blessings throughout this year.

Thank you.

William M. Connelly, II
Overseer of Public Welfare

REPORT OF THE RECREATION COMMISSION

Again it is with pleasure your commission submits to the people of Gilford our report of activities and events for the past year.

As usual, the main event in the spring is the baseball program at the Village Field. Thanks to the coaches and parents, a very successful season was had by all.

The tennis courts have their usual attraction. The commission wishes to thank the instructors for a good program for the new tennis players.

The games for Old Home Day were supervised by the members of the commission. We wish to thank all those who helped make the program successful.

Again, your commission extends appreciation to the Town Band for another very successful season.

Stonewall Park continues to be a poor relation as compared with other playgrounds. Due to very uncertain financing, your commission hopes to be able to make needed improvements in the future.

The 1981 summer season at Gilford Beach was the main event for the commission's program. The commission extends our appreciation to the staff at the Beach for an excellent job. As usual, the swim program was well attended and successfully carried out. More new playground equipment was put in place for the 1981 season. For 1982, plans call for new equipment for a tots' area. Additional improvements for the picnic area are planned for next year.

Your commission again calls your attention to Lincoln Park. This little picnic area is one of the most beautiful areas around the lake. Many improvements were made at the park this year under the watchful eye and helping hand of Harry Graves.

The skating rink had a successful season or as much as the weather permitted. The inside of the rink was regraded so that the ice is more uniform in thickness. A building to house the icemaking equipment is under construction. With the funds made available by the Lakes Region Youth Hockey Association, the Town of Gilford has been able to apply for funding from the Land and Water Conservation Fund for a roof for the rink. This will be a great aid in maintaining the ice. Your commission urges all interested skaters to come out and try your rink.

Vandalism is still an ugly problem at all the playgrounds and parks. While cleaning up the broken glass and repairing smashed equipment, the staff is using valuable time and money that could be put to better use for you as citizens and taxpayers.

It has been a pleasure to have served you for the Year of 1981 and we appreciate the cooperation from the people of Gilford in making a successful season.

The commission meets the first Wednesday of the month at the Wilson House at 7:30 p.m.

Respectfully submitted,

Arthur Tilton, Chairman
Marie Bruns
David Whitney
Richard Tapply
Ellen Molnar

REPORT OF THE ZONING BOARD OF ADJUSTMENT

During 1981, the Gilford Zoning Board of Adjustment heard a total of 19 cases, including one re-hearing of a case first heard in 1980. Nine variances were granted and four denied. Three appeals for variance were tabled for insufficient information or because circumstances had changed between the time the appeal was filed and the time the public hearing was held. Three requests for special exception were granted. One of these involved wetlands construction, and the other two were condominium conversions, considered by the board under a new section of the ordinance that has been temporarily in effect since summer pending action of the town at the 1982 annual meeting.

The 1980 case re-heard was a combined appeal for a variance and from an administrative decision. The board confirmed its previous decision in granting the variance but reversed itself in denying the appeal from an administrative decision. The granting of this variance was appealed to the Belknap Superior Court and the board's decision was upheld. One of the 1981 variance denials was also re-heard and denied a second time.

The zoning board of adjustment does its best to make the proper decision in each case that comes before us. We hope that our decisions, and the way in which we present them, will minimize the number of cases appealed to the courts (and the consequent legal expense to the town) and will make it more likely that our decisions will be upheld in those cases that are appealed.

The total expenditures of the zoning board of adjustment are averaging about \$70 for each case heard. A

little over half of this expense is offset by revenue to the town from fees paid by applicants.

Gilford Zoning Board
of Adjustment

Richard H. Campbell, Jr.,
Acting Chairman

Bruce Papps, Alternate
Jeannine Fitzgerald,
Administrative Assistant

ANNUAL REPORT OF THE CONSERVATION COMMISSION

At the 1981 Town Meeting voters approved the designation of the Wilson-Weeks property as Town Forest to be managed by the Conservation Commission. This decision authorizes the Conservation Commission to develop a management plan and become eligible for available state aid in completing an inventory and other forest management services for the Town Forest.

Adjacent to the Town Forest on public land behind the Gilford Elementary School Chadd Gibbs designed and constructed a self-guiding nature trail as a partial fulfillment of his Eagle Scout requirements. Gibbs identified key natural features along the route beside a brook and through a meadow and wooded area, and printed trail maps. Prior to the start of the project he requested and received the permission and endorsement of the Commission.

In other business the Commission considered fourteen dredge and fill applications, one of which required a public hearing before the state Wetlands Board in Concord because of the extent of the proposed fill. The Commission continued to monitor the milfoil problem in Gilford waters including control plans. We received on-going support from Soil Conservationist Richard DeMark in the area of wetland identification. Margaret Birch represented the Commission at public hearings for state Wetland Board revisions of prime wetland criteria.

Three Gilford teachers and two students attended conservation camps with the support of the Commission. Teachers attended the Society for the Protection of New Hampshire Forests conservation camp at Alexandria, NH while students attended the Youth Camp at Interlocken, Hillsborough Upper Village, NH.

The Conservation Commission also initiated surveys

and the preparation of base and topographic maps of the Kimball Castle property during the past year.

The Commission wishes to express its sincere thanks and appreciation to two dedicated members whose terms expired late in 1981. Charles French and Margaret Birch have both served multiple terms on the Conservation Commission. Their experience and service to the Commission will be sorely missed.

The public is welcome to attend Conservation Commission meetings held on the first and third Tuesdays of each month at 7:30 p.m. in the Public Works Building.

Douglas C. Leitch, Chairman
John Evvard
Douglas Hill
Margaret Birch, Planning Board

GILFORD VILLAGE HISTORIC DISTRICT COMMISSION

1981 ANNUAL REPORT

The Commission held five meetings, applications discussed were requests for a solar greenhouse, a shed, vinyl siding, curbing, addition to a garage, erection of a fence and removal of trees.

One public hearing was called to discuss the changing of the color of a house.

All applications were approved, with the exception of vinyl siding for the Town Hall. We asked the committee to review the pros and cons of siding on historic public buildings, that at some future date might want to be placed on the Historic Register.

TRUSTEE'S REPORT

GILFORD PUBLIC LIBRARY — 1981

The Board of Trustees meets monthly to discuss the business of running the library. We are most concerned about the lack of space and how it restricts our collection. As our patrons know, we are using every inch of available space, including the floor.

Our Building Fund continues to grow. The Quilt Project, slated for completion by Old Home Day 1982, has been well received. All Gilford families are invited to participate in this fund-raiser and historical venture. After purchasing a square, to be added to the quilt, a genealogical page concerning your family is added to the Journal. After the completion date, the Quilt will be assembled by Sue Harris and Chris Roderick and hung on the Library Wall. The Journal will be kept as a reference document of Gilford in 1981 and 1982.

We deeply appreciate the work being done for this committee by Sue, Chris, Georgette Shasteny and Patsy Sargeant.

The Library offers a quiet respite inside from the hurley-burley of Old Home Day. Our famous Library Punch is welcomed by many as they sit and visit with old friends and meet new ones.

Helen Weeks continues with her good works for the Library. The flowers that bloom in spring and summer, her Christmas articles and her daily smile are enjoyed by the staff and patrons alike.

The trustees invite all townspeople to visit and use **your** Library. We welcome suggestions for improving our services or adding new ones and we thank you for your support.

Molly Connelly, Chairman
Nancy Johnson, Secretary
Edward Merski, Treasurer

LIBRARIAN'S REPORT
GILFORD PUBLIC LIBRARY
1981

Total circulation of materials from the library has increased again in 1981. The number of reference questions handled by the staff has more than doubled. Queries have ranged from simple trivia to more complex topics on physics. We have been very successful finding the answers in our own collection. When not found in this library, the State Inter-library Loan System has been extremely helpful. They have sent materials from all the larger libraries in New Hampshire as well as school and college libraries.

The fourth annual **Summer Reading Program** began in June and ended with the awarding of certificates in August. The top readers were Diane and Janine Rigney, Amy Hook and Adam Hegi. This past year, we sponsored a free children's **Film Program** on Wednesday afternoons. The films were on loan from the State Library Film Service. At the same time, the Friends served their annual **Pie & Ice Cream**. The money raised at this activity was donated to the Building Fund.

The bookmobile to Lake Shore Park was changed from Friday morning to Wednesday evening. The change was made in order to show the same film program as above. The Park Association contributed to the Building Fund as a token of appreciation.

Gilford **Old Home Day** began with the friends' **Pre-parade Coffee & Donut Sale**. After the parade, the **Library Lawn Sale** featured used books, crafts and home-made pies.

The friends also ran an impromptu **Christmas Ornament Fair** in early December. Work donated by Renee Busch, Harold Hawkes, Nancy Lewis, Pat Sargent and

Helen Weeks was offered. All Proceeds for these events went to the library Building Fund.

The display case has shown several exhibits in 1981. People loaning their collections were: Mr. & Mrs. Charles Barclay, Mr. William Holman, Mr. Roy Holmes, Mr. Arthur King, Mr. & Mrs. Robert Rollins, Mrs. Mabel Walter, Mrs. Helen Weeks and Mrs. Hope Wood. The exhibits included minerals and gems, plants and flowers, dolls and 'old' Christmas ornaments.

In closing, the staff of the Gilford Public Library thanks all of you for your continuing support.

Respectfully submitted,
Ruth S. Pratt, Librarian

1981 GILFORD POLICE DEPARTMENT ANNUAL REPORT

On November 4, 1981, U.S. Attorney General, William French Smith, testified before the House of Representatives sub-committee against crime. Among his remarks was a startling statement. He said, "Last year, about one out of every three households in our country was victimized by some form of serious crime. If this trend continues, it won't be long until every home in America experiences the outrage of criminal activity. The question is not whether, but when, each of us will become a victim." He went on to say, "No sensible person supposes that we can eradicate crime; it is as old as mankind, but we should be able to reduce the amount of unlawful activity and reduce the burden it creates. . . . This is what the criminal justice system is trying to do."

Mr. Attorney General Smith could very well be speaking about what is happening in our area and the situation relating to the crime and related police activity in this community.

Activity levels in many categories for which the Police Department has a responsibility has dramatically increased this past year. This has severely taxed the departmental resources.

Sufficient coverage and a reasonable response capability is vital in addressing the need for police service in Gilford. Our goal is to continue striving for this level of service.

The Gilford Police Department needs the support and assistance of citizens, not only in our efforts to prevent, or more realistically, reduce the amount of criminal activity, conduct an effective traffic enforcement program, and to provide the other police services we are called upon to perform.

In addition to those primary services of criminal investigation and prosecution and traffic enforcement, service calls, security checks, both commercial and residential, escorts and dog complaints take up considerable time, and to the extent these secondary services take time out of patrol and investigation, we tend to suffer in the primary services area.

Our goal and objective in the Police Department is to balance our overall efforts, utilizing fully those resources we have available.

The statistical breakdown for 1981 and comparison with 1980's figures will provide you with a graphic illustration of how our activity has increased. You will notice for example a 20% increase in calls for police service (CFS), and an 18% increase in criminal offenses known.

The Police Department appreciates the support and cooperation of the Board of Selectmen, Town officials, citizens and visitors to our community. Our pledge to you is for our best efforts in continuing this necessary relationship.

Respectfully submitted,

Eugene L. Blake, Chief
Police Department
Gilford, New Hampshire

1981 STATISTICS

Activity	1981 Totals	Percentage + / - 1980

REPORT OF THE GILFORD FIRE DEPARTMENT

The Gilford Fire Department answered 535 emergency calls in 1981. Ambulance calls increased by 26, while fire calls decreased by 25.

Break Down of Emergency Calls for 1981:

Structure Fires	23
Car Fires	11
Grass/Brush Fires	25
Mutual Aid Out of Town	33
False Alarms	31
Chimney Fires	68
Service Calls	25
Bomb Scares	7
Misc. Fires	20
Loss of Life by Fire	1
Medical Emergencies	<u>292</u>
Total Calls	535

Gilford requested Mutual Aid on 5 occasions and received 22 emergency vehicles.

Training:

Time spent on training the Permanent and Call Firefighters was 2,738 hours. New State Laws are making it increasingly difficult to get Call Firefighters because of the amount of time they have to put into training.

Inspections/Fire Protection:

373 inspections were done consuming 1,231 man hours. 527 hazardous conditions were found. 187 hours were spent doing Fire Prevention programs in our schools and Day Care Centers.

Equipment:

In the 1983 budget, we will be asking to replace En-

gine “3.” This has been a good piece of equipment for the Town. It is now getting tired and its capabilities are limited. We will be looking for a combination Tanker/ Pumper to replace it.

Ambulance Service:

During 1981, the Gilford Fire Department Ambulance responded to 292 requests for medical aid. Of these, a total of 301 patients required medical attention; 223 patients were transported by the ambulance; the remaining 78 patients were either transported by other means or refused further medical attention.

Break Down of Ambulance Service:

Heart Attacks	49
Cardiac Arrest	9
Strokes	15
Head Injuries	15
Internal Injuries	12
Unconscious Patients	7
Overdose	2
Gun Shot	1
Fractures	36
Auto Accidents	54
Back Injuries	20
Rescues (ice, searches)	3
Mental Health	8
Misc. (burns, maternity, diabetic, etc.)	61
Total Calls	292

Reimbursement to the Town for

1981 Ambulance Service:

Charges from 1980 that were paid in 1981 (8 patients)	\$ 296.00
Medi-care payments for (50 patients)	1,972.64
Personal payment for (108 patients)	<u>4,728.00</u>
Total Collected	\$6,996.64
Total Still Owed	\$2,385.00

In order for the Gilford Fire Department Ambulance Service to meet the standards necessary to provide efficient and professional emergency medical care, many hours of training is necessary. The members of the Gilford Fire Department have committed over 950 hours of training to equip themselves with the knowledge necessary to adequately provide this service.

Conclusion:

We thank you, the Citizens of the Town of Gilford for your support over the last year. It is our hope that you continue to support our programs in the future.

We want to thank our Volunteers who have put in so many hours and continue to give so much of themselves so that we can provide a better service to the Town.

We want to especially thank, Volunteer Lieutenant David Huot who after 20 years as a Call Man, has asked to step down and be carried as an Honorary Member. His duties as Laconia District Court Judge is demanding so much of his time, that he does not feel that he can continue as a Call Man.

We thank David for the things that he has done for us that were above and beyond the duties of a Call Firefighter.

Respectfully submitted,

Michael D. Mooney, Chief
(for the Board of
Fire Engineers)

Philip LaBonte, Chairman
Willis Hoyt
Robert Robertson

ANNUAL REPORT OF THE DEPARTMENT OF PUBLIC WORKS

As in the past, the year 1981 was a very active and busy year. Although the economy was depressed, inflation on the rise, Gilford as a Town continued to grow. High interest rates appeared to have only a marginal effect upon permits issued. New resident permits declined from sixty-two (62) in 1980 to forty-four (44) in 1981, but was offset by building permits for condominiums (2) in 1981 which were for seventy (70) units. The following chart is a comparison of the past three (3) years:

	1979	1980	1981
Total building permits	196	236	228
New Residences	40	62	44
Additions and Alterations	79	84	76
Commercial	6	3	6
Solar Homes (completed)	—	2	1
Solar Additions	5	3	2
Plumbing	49	65	85
Electrical	80	64	104
Sewage (sub-surface)	64	43	56
Sewage (Public)	—	—	109
Signs	37	13	18
Driveways	38	63	52

The total value of new construction as stated on the building permit applications was almost \$6,700,000. This is about twice the value stated in 1980. As can be seen by these figures, Gilford still is attracting year round residents, business and other growth all leading to increased demands for public services. It can be stated without a doubt the Town of Gilford is no longer a "small" town.

As the town grows, the demands upon this department grow proportionately. A portion of the Winnepesaukee River Basin Sewer Project came "on-line" March 4, 1981. Connections were started immediately and to date 109 have been connected with only 6 dwellings with unusual circumstances remaining unconnected. Construction of the extension of the interceptor from Glendale to Ellacoya, hopefully by State estimates, will begin in April, 1982 and completed in the latter part of 1983. Town public sewage responsibility was further increased when on March 31, 1981, the Gilford Sewer District was dissolved. This added 218 units to the public sewer system now in being.

Construction of the new Governor's Island Bridge began in late May, 1981. Good weather and hard work on the part of the contractor, Shoals Corp., allowed for traffic to pass over the new structure in late November. Final completion involving slope work, clean-up, etc. will be finished in the spring of 1982.

The remaining roads (approximately 7 miles) in Gunstock Acres were reconstructed during the summer and involved re-ditching, brush/tree clearing, laying of crushed bank run gravel, re-grading and other related work to bring them to Town standards. Included in this was the placement of a 9 x 21 foot box culvert to carry Poor Farm Brook under Silver Street to replace the conglomerate of culverts that had washed out a number of times in the past. These efforts not only helped this department in the maintenance of the roads, but brought praise from residents and the Police and Fire Departments.

The Highway Department was active in the reconstruction of Stone Road, utilizing State funds. It is to be paved this coming year. Drainage problems along with excessively deep ditches were corrected on Heather and Hazelnut Lanes by the installation of a catch-basin/culvert system. A major irritant of dust control

and rough roads caused by the construction of the sewer interceptor along Dockham Shore, Harris Shore, Varney Point, Wildwood Roads and Glendale Place was removed when these roads were paved.

New equipment purchases this past year were for a 1981 Mack truck, complete with dump body, sander and plows. This valuable addition completes the purchase of heavy snow removal equipment hopefully for a few more years.

In an effort to conserve energy, the Wilson House was capped with additional insulation, new storm windows were purchased for the Town Hall and the living quarters were partitioned off from the equipment bay area at the Central Fire Station. Unprogrammed but dictated due to serious water leaks was the re-roofing of the Central Fire Station and portions of the Wilson House. To extend the life of equipment, a pole shed to house road sanders was constructed at minimum cost by "self-help" at the Highway Garage.

Personnel changes this year were at an absolute minimum with only one major change. Mr. Allen Peters, Highway Superintendent, resigned in November to enter self employment. His loss was dearly felt until such time as Mr. Sheldon Morgan was selected to fill the vacancy. As Sheldon vacated the position of Deputy Director of Public Works, this position remains vacant at this time and efforts are being made to recruit a replacement.

As previously stated, the year 1981 was a busy one and many improvements were realized. These achievements can be credited to the cooperation and understanding of all Town departments and to the dedicated efforts of all the personnel in the Highway Department. Although, the weather cooperated at the

first of the year, the snowfall for December lacked only eight (8'') inches of the record. As residents, we in the Department, thank you for your cooperation, efforts, and compliments in handling this unusual winter season. Your understanding of the problems give great satisfaction in the accomplishment of a very difficult task. Thank you all.

Respectfully submitted,

Richard E. Lacasse
Director/DPW

REPORT OF TRUSTEES OF TRUST FUNDS

1981 saw the culmination of several projects the trustees have been working on for several years.

Former trustee Wayne Snow had initiated in 1979 a petition through the courts to release surplus accumulated interest from the Laura Weeks Fund. This was received, thus providing for repairing and painting the Pine Grove Cemetery fence.

All the 274 cemetery perpetual care trust funds were combined into a common fund and reinvested in 12% - 2½ year Certificate of Deposits to generate a much higher income.

Lincoln Park, 274 feet of prime lake frontage, having had basic filling, grading and parking facility accomplished over the years was landscaped and seeded completing a beautiful picnic and viewing spot.

Great progress has been made in overcoming the neglected condition of 12 old cemeteries in the town. They have now reached the cleaned up stage where mowing is practical. To continue this program that has already accomplished so much, the trustees are requesting \$2,500 for maintenance, mowing and repair and straightening time ravaged headstones. During the past year signs have been placed at each cemetery with its identifying name. These were made by the town Public Works Department. We would be remiss in not acknowledging the help of the Public Works Department in trucking 25 loads of loam to Lincoln Park so it could be graded and seeded. We think that A. V. Lincoln would be very happy with the park he so kindly willed to the town.

Respectfully submitted,

Trustees of Trust Funds

REPORT OF THE FISCAL CHANGE COMMITTEE

The committee initially met on the 6th of October 1981 in the Public Works Building at 4:00 p.m. The committee was charged to "study the feasibility of changing the towns fiscal year from January 1 to December 31, to July 1 to June 30." The committee had several more meetings and were furnished articles reporting on towns that had changed their fiscal year and the benefits they felt they gained in so doing. The committee met on October 27, 1981 with all town department heads. We received input from them as to the pros and cons of changing the fiscal year. On November 10, 1981 Mr. Kimball and Mr. Schmidlin met with the Budget Committee to report to them the purpose of this committee and to hear from the Budget Committee any questions they may have about the fiscal year change. Of the Towns that had effected the change of the fiscal year, there was suprisingly little cons about the change. The Gilford department heads also did not have any prob-lems with the proposed change but saw only benefits from it. The biggest problem was thought to be that the first budget would have to be for 18 months from Jan. 1, 1983 to June 30, 1984. After digesting all the input, the committee feels that a change in the fiscal year would benefit the Town department heads in forecasting their needs more accurately and prevent spending monies before they knew it was going to be approved, therefore the committee endorses the change.

The committee wishes to thank the town administrator, the Budget Committee, and all town department heads for their unselfish help during the committees tenure.

AUDITORS' OPINION

We have examined the combined financial statements and the combining and individual fund financial statements of the Town of Gilford, New Hampshire, as of and for the year ended December 31, 1980, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1F, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the second paragraph of this report, the combined financial statements and the combining and individual fund financial statements referred to above, present fairly the financial position of the Town of Gilford, New Hampshire at December 31, 1980, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining and individual fund financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Gilford, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining and individual fund financial statements

and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

**REPORT ON THE GILFORD SCHOOL
DISTRICT MEETING
March 18, 1981**

David Decker, School District Moderator, opened the meeting at 7:44 p.m. by giving the results of the March 10 voting as follows:

Moderator	
David Decker	605
Clerk	
Carol Farnsworth	604
Treasurer	
Edgar Kenney	600
School Board - 3 yrs.	
Gerry Sawyer	482
Philip Cervený	223

There were 726 ballots Cast.

School Board Chairperson Mary Cullen introduced the members of the School Board and Administration.

She said, "the Board wishes to honor members of the school community who have given of their time in different ways." Nancy Campbell was recognized for her outstanding service and devotion to the school system in the capacity of secretary. Ann Heilshorn received recognition for supervising and running the volunteer program, accounting for 3,000 hours in the Elementary School last year. Beverly Wright was recognized for her work as Chairman of the Building Utilization Committee. School Board Member Philip Cervený was honored for his work last year.

Chairman of the Budget Committee Clifford Birch introduced the members of his committee.

Article I. Raymond Wixson moved that the salaries of the following officers and School Board Members re-

main the same as those of last year. The motion passed.

Article II. Noreen Dupre moved that the reports of agents, auditors, committees, and other officers be accepted as printed in the 1980 town report. The motion passed.

Article III. Ann Swett moved that we pass on to the next article in the warrant, as there were no new committees to appoint at this time. The motion passed.

Article IV. Philip Cervený moved that the District vote to raise and appropriate the sum of \$45,700 or some other sum to partially implement the recommendations in the Building Utilization Committee report. The committee was formed to address some of the structural and design problems in the school, mainly in the form of visual and sound distractions. The amount of money mentioned in the report was approved by the Budget Committee. Mrs. Wright moved to amend the amount to \$68,615 in order that the recommendations be funded in full during the coming fiscal year. It was moved and seconded. She stated that the majority of the committee concurred on the overall recommendations that were submitted to the School Board. They were unable to place the items in any order of priority, which was due to the fact that every item that they recommended was deemed to be an essential part of a comprehensive package.

Addressed were at least 22 of the 64 recommendations of the visiting committee from the New England Association of Schools and Colleges. Requirements for continuing accreditation by this association were main concerns. The article as printed in the warrant would only cover the construction of the Business and Science area walls with the related electrical work and the additional acoustical dividers. Information pertinent to recommendations of Mrs. Wright's committee were available

in the annual report or in the yellow sheets passed out at the door. Clifford Birch said that the Budget Committee felt the walls should be procured this year and the 'hardware' next year. Roger Bruns moved that the area shown on the drawing in the Business-Home Economics area marked 'for wood, metal, and project storage area' not be used for that purpose ever. There was discussion over the use of the word **ever**. This amendment was defeated. The motion that the District raise and appropriate the sum of \$68,615 for the purpose of the complete implementation of the report of the Building Utilization Committee passed.

Article V. Joan Nelson moved that the sum of \$8,755 or some other sum be raised and appropriated for the purpose of providing bus transportation for all Middle High School pupils presently being denied such transportation, to be in effect only between November 15, 1981 and March 15, 1982, approximately. This article was inserted in the warrant by petition. Richard Ray felt that if we vote for this item now, we might be committing ourselves to a lot more than we think we are. He stated that the Budget Committee met on an informal basis with the Moderator and the School Board, and the item was rejected. The article was defeated 73 to 70.

Article VI. Clifford Birch moved that the District raise and appropriate the sum of \$3,290,368 for the support of schools, for the salaries of School District officers and agents and for the payment of statutory obligations of the District. This was seconded. Mary Cullen noted that we have a new format for the budget this year, which was mandated by the state. It will eventually have a 13 digit account system. We are only using 7 now. Probably the most major change in this new format is the fact that the budget is broken down in much greater detail. The budget this year has a gross increase of 7.66% and a net increase of 6.76%. The goal was to level fund as much as possible, and when you

level fund an account, you try and keep it as close to the sum of last year as possible. Therefore, with inflation, many times you are actually getting a little less for your money, example: in purchasing books. The increases in the operating budget of the School District are basically in the Blue Cross accounts, the transportation accounts, utilities, and the accounts for the handicapped. The remainder of the increase is due to the 10% salary increase negotiated with the Teachers' Association. Sally Rowe moved to increase the appropriation by \$5,000 in order to provide food service workers with a 10% increase in salary. Phil Swett proposed that the increase in wages suggested in the amendment thus far be further amended to provide that the funding be furnished through increased income to the school lunch program, i.e. raise the lunch prices. This amendment to the amendment was defeated. The original amendment was passed.

Mary Cullen moved to amend Account 2552-513, Contracted Services Transportation, from the presently stated sum of \$94,035 to \$109,281 in order to restore needed funds omitted from this account as a result of the budget building process. This money is needed to cover an accounting error that occurred when calculating this line because of the change in the transportation contract last year, which included 6 buses and was reduced to 5. The error was made in reducing the cost per bus, and as a result we are \$15,000 short in this account. Clifford Birch said that the Budget Committee recommends this amendment. The exact difference between the two figures is \$15,246. The motion passed.

Moderator Decker stated that "it has been moved and seconded that the final motion read as follows: 'which sum includes the sum appropriated in Article IV of this warrant,' an inclusion at the end. This amendment passed.

The question is to see if the District will raise and ap-

appropriate the sum of \$3,310,614 for the purposes aforementioned. This Article passed.

Article VII. Noreen Dupre moved that, there being no other business, the meeting be adjourned. The motion passed, and the meeting adjourned at 10:37 p.m.

Respectfully submitted,

Carol Farnsworth
Gilford School District
Clerk

REPORT OF SCHOOL BOARD CHAIRMAN 1981-82

Continuing effort to create the best schools possible for our students has been the theme of the last year in the Gilford school system. This is being done through changes in the physical plant, as recommended by the Building Utilization Committee, as well as by reviewing and refining policies that affect the students and help them learn and mature throughout their school careers.

For those of you familiar with the Middle High School, you may have seen the results of the money spent implementing the recommendations of the Building Utilization Committee, voted at the School District Meeting last March. The walls in the science area have added much needed security to that area allowing for more lab work in the science subjects. Downstairs the clickety-clack of the typewriters has been subdued by the new walls and a large classroom space has been added in what was a "dead space." Work continues on the storage areas which are being created under the stairwells. We are very pleased with the quality of the work which is being done by students in the Area 8 classes from Laconia.

Having to start the year without an assistant principal in the Middle High School was a frustration for the school board. The Middle School had benefited greatly last year from the presence, in that area, of Mr. Stimson. We were pleased to find an experienced man for the job just before Christmas. A shortage of teachers in specialized areas such as industrial arts, science and math is becoming a major problem for all school districts, one which may become worse as industry continues to attract able candidates by offering much higher salaries.

The Elementary School continues its tradition of sound basic education under the leadership of Mr. Brunelle. The increasing numbers of Individualized

Education Plans (IEP's) for students creates additional work for the principal and his staff. The results of the California Achievement Tests last year show that Gilford Elementary School is preparing its students well for their future schooling.

Each year the school budget is a major concern for the members of the School Board. We all recognize the increasing burden of taxation. Last year we presented to the town a level funded budget, on each line possible, in order to allow us to offer our teachers a realistic salary and also to allow us to absorb the costs of the Building Utilization Committee's recommendations. The budget increase last year was 9%. This year we have continued to stress the need to keep costs down. However, increases in fixed charges such as transportation, electricity, insurance and the accounts for the handicapped are taking larger and larger portions of our budget each year. We are faced with difficult decisions, some of which were made this year, others which will need to be addressed very soon. If we continue to postpone or reduce spending in the areas of school furniture, library books or teaching supplies, then next year, or the year after, the district will be faced with having to play "catch up." This will be difficult for the community as costs increase and state and federal aid decrease.

All of us on the school board appreciate the interest and support of the parents of our students who assist us in so many ways. Volunteers in the Elementary school and band parents, chaperones and booster club workers in the Middle High contribute in so many ways to the success of our school system.

I'd like to thank our two principals for their dedication and leadership. We are indeed fortunate to have had Mr. Brunelle for 8 years now and Mr. McLean for 5 years. Stability in the administration is important in setting goals and being able to implement those goals. The S.A.U. staff continues to be very supportive in their

work with the school board. We said goodbye to Wes Colby, the assistant superintendent for business, in March after 8 years. We welcome his successor to the team.

I thank, once again, all the teachers who work so hard to turn our young students into responsible adults. To my fellow members of the board, my appreciation for your help and support this year. We have grown together as we work towards a common goal.

Yours sincerely,

Mary Cullen, Chairperson
Gilford School Board

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Dear Citizens:

Much has happened during the nine years since I first arrived here to serve you as superintendent of schools. Most of it has been good, but some events have presented us with problems that are as of yet unresolved.

We have expanded our small school plant which, new as it is, would cost as much as 50% more were we to build it today. While our school population is not growing as fast as it did in the late 1960's, the new wing represents a sound investment for the future and should take care of our needs for most of the 1980's.

We have a fine staff, cooperative parents, adequate school financing, and a town government that has always encouraged and supported the schools.

There is little we can do about the skyrocketing costs of fuel and transportation. These matters seem to be very much out of our hands, although we have certainly made great strides in conserving energy as much as present day technology will permit.

One area that is almost out of control is the education of our handicapped young people. We have tried to develop good programs for these deserving students while at the same time keep costs down to a level we can live with, but our difficulty is that we are a small town and only one or two unexpected children in these programs can cause us serious financial concern.

In order to reduce costs without compromising program quality, we have entered into a consortium arrangement for educating the handicapped with five other school districts in SAU 30 and SAU 18. We have

managed to save a great deal of money and will continue to attempt to reduce costs even lower.

We are looking forward to a productive 1982.

Cordially yours,

Robert W. Musgrove
Superintendent of Schools

REPORT OF THE GILFORD MIDDLE-HIGH SCHOOL PRINCIPAL

It is gratifying, as one looks at these Annual Reports from year to year, to see specific progress made in areas that have been identified as needing attention. An outstanding example of this lies in the work of the Building Utilization Committee, formed as a result of the 1980 School District Meeting to address the need for alterations to the Middle-High School building. At the 1981 Annual Meeting, the recommendations of the committee were supported by the voters, and work on the construction of walls in the business and science areas was completed this past summer. In addition, badly needed storage areas have been provided under each stairwell, additional accoustical dividers have been provided for the instructional areas, and additional classroom furnishings made available in the middle school area. The work of the Building Utilization Committee stands out as an excellent example of the school staff working together cooperatively with the community to provide for the educational needs of Gilford youth. A need was identified by the school staff, shared with the community, and a cooperative effort begun. I hope that such a close working relationship will continue to typify the relationship between the school and the community.

Our middle school staff has continued its work in identifying and implementing model approaches to middle school education. Through Gilford's involvement in Project Adolescent, a federally funded program intended to support the development of a model for middle school instruction, our school has been one of five in the State of New Hampshire selected to develop and implement excellent examples of instructional programs and techniques. The growth experienced by our staff in understanding the special needs of middle school students and in responding to those needs has had a most positive effect on our school.

At the high school level, we have completed our plan for introducing the Advanced Placement Program in the four major areas of English, Math, Science, and Social Studies with the addition of Advanced Placement U.S. History during this school year. The challenge provided to our most capable students through these college-level courses has proven to be very valuable, and the majority of our students who participate in this program have had college requirements waived in their freshman year at college, with a resulting savings in both time and dollars to those students.

The graduates of the Class of 1981, numbering 110, have left us with the following plans:

Students entering higher education	63 = 58%
Students entering work	41 = 36%
Students entering military	3 = 3%
Exchange students	2 = 2%
Unknown	1 = 1%
	<hr/>
	110 = 100%

The majority of students continuing their education are attending schools in the State University system (30), with fifteen of those students attending the University. Forty-nine percent of the graduating class are enrolled at four-year colleges or universities, and thirteen percent attending other institutions of higher learning. Among the colleges and universities members of the Class of 1980 are attending are: Air Force Academy, Bentley College, Dartmouth College, Springfield College, Brigham Young University, McGill University, Berklee College of Music, University of Vermont, Westbrook College, and Rensselaer Polytechnic Institute.

Academic performance for the entire student body continues to be monitored through a comprehensive program of testing, with the primary instrument being the California Achievement Test which is given to students every other year. Performance in the areas of reading, spelling, grammar, mathematics, and research

skills are tested, and our students continue to meet or exceed expectations.

The support given to Gilford Middle-High School by the community is commendable and is much appreciated by the school staff.

Respectfully submitted,

William J. McLean
Principal

REPORT OF GILFORD ELEMENTARY SCHOOL PRINCIPAL

During the past year we have initiated a number of programs which we believe will improve the quality of education being provided students at Gilford Elementary School.

New curriculum guides have been prepared in Health and Science and are presently in use at all grade levels. Teacher teams prepared each of the guides as a part of their in-service activities. The guides will be reviewed at the end of the school year and appropriate changes will be made. Copies of all curriculum guides are available in the school library for review by any interested citizen.

In September we initiated the ME/ME Drug and Alcohol Prevention Program at Gilford Elementary School. This program is a nationally validated program which originated in Appleton, Wisconsin. The ME/ME program, which is one of prevention, focuses on four major objectives: (1) enhance the students self concept, (2) develop decision making skills, (3) develop healthy attitudes toward proper use of drugs, and (4) provide information about drugs relative to elementary level children. An overview of the program was presented to parents at grade level orientation meetings in September.

California Achievement Tests were administered in Grades one to five in April. Results indicate that our students are performing above national norms in all academic areas. Responses to our Parent Questionnaire, sent out in June show that parents are well satisfied with services being provided at Gilford Elementary School.

Adults in the community continue to support the school in a variety of ways. Parent volunteer services exceeded 2800 hours during the 1980-81 school year. This year, under the capable leadership of Mrs. Nancy

Meckstroth and Mrs. Kay Gagnon, our volunteer program has been expanded to include an extensive resource file. Presently our School Volunteer force includes more than sixty regular adult participants. We are also pleased to have eight students from Gilford Middle High School providing assistance to students on a regular basis.

Our major goals, as professional educators, continue to include a blend of strong academic programs, programs supporting physical health and a variety of cultural experiences necessary to successful and productive citizenship in the community, state and nation.

Respectfully submitted,

Thomas E. Brunelle
Principal

Gilford —	7,276.54
State of N. H. —	1,803.57

GILFORD SCHOOL DISTRICT

AUDITOR'S OPINION

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Gilford School District as of and for the fiscal year ended June 30, 1981, as listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Gilford School District at June 30, 1981, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of

the combined financial statements of the Gilford School District. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Killion, Plodzik & Sanderson

July 28, 1981

Copies of the complete audit report are available at the Superintendent of School's Office, Laconia, N. H.
